There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

1. I have been asked not to open new tickets but also to ask tech support about any questions I have. Opening tickets are new to me. How do I not open tickets but ask for help?

2. If you are looking at titles/subtitles today, I would appreciate your feedback for my final consideration.

Hi Coaches

If I downgrade from the Pro Plan to the Lite Plan in Publishing AI, for some time, what key limitations should I expect? Aside from losing the ability to generate manuscripts, what significant differences would affect my workflow?

Specifically:

1. Will I still have access to the steps after manuscript generation, such as final editing and pressing "Continue"?
2. If access remains, is it advisable to press "Continue" (after editing) before downgrading?
3. Would I lose anything by not pressing "Continue" beforehand?

Please provide a clear explanation to help me decide how to proceed on this. Thank you!

Q? regarding outline generated by PubAi. I received an 8k word outline (for a 30k book). The outline was so general I could not tell what the book would say, despite it having 1/4th of the words already. What did I do wrong LOL? and what can i do better?

# James MacDonald

When using KD Spy during Topic Research, Amazon frequently blocks the search using throttling. This is very frustrating if one has set apart a dedicated time for this activity. How to overcome this?

How can I have my topic checked for proof of concept by a coach without disclosing the topic idea over the group calls? I have a concept but I am not sure if it is solid. I am having trouble finding anything that meets the proof of concept requirements. If I go to a more specific there are not enough books to demonstrate proof of concept, but we are told not to be broad... I would love some guidance!

# Paula Jo

I would like your opinion on which of the following titles and sub-titles you think would work best for my 30k book. Thank you!

Looking for feedback about my title/subtitle, please! Keywords that met POC were 'emotional, intelligence, and relationships.'

I ran my first manual script, and the pages are significantly filled with plagiarism. I'm shocked because the video showed some instances here and there, but on these pages, every paragraph is plagiarized. In this scenario, what are the best practices

# Daniela Darling

Our detector looks for common AI text patterns, which it may also find in the text you write. If you use generative AI, you can cite it.

I modified my text with chat pt, then check in Grammarly and got this message below. Does that mean I can cite it? It allowed me to fill out a form; please explain what that is. Thank you. DO I have to fill the form cite it?

# Deborah Kramer

Hi, I had intended to use publishing.AI to write the manuscript, but once I started the outline I ended up writing the entire book. My question: is it possible to use the credit that came with the course on my next book? I think I saw that it expires in 6 months? Can that be extended please?  
Thank you! Deborah

# Michael Tremblay

Youth tutorial on ideogram.ai says to use canva for image editing. When I try to use the Magic tools I get a screen that wants me to pay \$30/month. I thought this program had a free version. How do I find it?

Thank you,

Michael Tremblay

Hi Coaches

My question is two-pronged

1) While doing my plagiarism check with Grammarly, I initially tried to paste my entire manuscript in Grammarly and it was taking very long to process. I waited for half an hour and it was still processing. So I decided to paste the manuscript by individual sub-chapters' section-by-section. Do other people face this issue as well and is it a known thing? Have any of you faced this?

2) I've spent a substantial amount of time humanising my manuscript. I bought comparable books of my competitors from Amazon to research if they were covering things that I might have left out. I've come to a point where I'm very happy with my manuscript and there is no plagiarism left. However, many of the sections in my book still have anywhere between 20-80% AI resembling text. In some sections as high as 100% even. Is this a problem?

# H C Lee

Chere Coaches, Please comment on my cover: <http://99d.me/e/s4de/2fj5tp> I'm concerned that a couple of puzzle pieces contain key words in my subtitle...will KDP /Amazon accept this or should I change puzzle pieces to avoid duplicate words?

# Frank Ehret

Newbe question In one of the section the twin was hovering over a book title on Amazon and was able to see how many books were being sold each day. What app or extension was he using to find out that Information. Thanks

# Katherine Ayars

I've watched the Review Page module twice and I'm still a bit confused. Is this the path?: Upload everything to KDP.

Publish (with the review page).

Wait for ISBN.

Make qr code.

Unpublish and insert code into new review page.

Publish. Thank you very much!

I started my four campaign Amazon ads on 2/22. I am not seeing anything in the search terms yet. How long does it normally take for it to start generating? I'm sure this has something to do with it but out of the four campaigns there has only been a total of 504 impressions with no clicks. I know we aren't supposed to touch it for 1-2 weeks but it has been a week already-should there be more than 504 impressions at this point?

# Ed

So I signed up for books bounty, to have my book reviewed, what bounty contract do I used to get reviews, the kindle unlimited or verified purchase?

# Robin Pike

Is there a spreadsheet that's already been created by AIA for keeping track of Amazon ads? I saw one on one of Brian's calls but wasn't sure if that was the student's creation. Thanks!

# Barbara Rosson

Hi Coaches! This is for the 7-Day Challenge and I already submitted it, but I'd really appreciate any feedback! Please forgive the somewhat crude title:

KICK ADDICTION'S ASS - 7 Mindblowing Ideas Empower You To Crush Bad Habits Forever

I totally understand if you'd rather not use the A-word on the call.

I looked on Amazon and other books use it...

Here's the link, I hope it worked. Looks like the Google doc cut off the bottom of the PDF - will that happen when they print the book? If so, can I change it and resubmit it for the 7-Day Challenge?

I am working on a workbook for teens with executive function deficit. The book is to be used by teenagers, but could well be purchased by an interested adult. The help article I just read said I need to address both the teen and buyer persona. How do I do that in customer research? Do I include ASINS from books that are targeted to adults? Or should I include only the books targeted to teens, hoping that the adult buyer perspective is taken into account when publishing.ai analyzes the reviews? Thanks for your help!

I have undertaken a 7DC book and the question came up with my wife, "Is there a difference in submitting the book to KDP." since it much smaller than the 30000 word book. Is this a relevant question? Our book looks to be about 30 pages.

Thank you for the prior feedback on a proposed book title. This is a title for my 30K book, not a 7DPC book. I took the advice I was given and built out the sub-title some more and added some additional copywriting. I was seeking feedback for this revised title:

Main Title: California Quests: Your Travel Guide to the Golden State

POC = California Travel Guide

Sub-Title: Hassle-Free Planning with Step-by-Step Itineraries, Insider Tips, and Hidden Gems—Perfect for First-Time and Returning Visitors!

Thank you for any feedback.

Hi coaches!

In the AI software, when doing customer research and filling in the ASINs of similar books, does it matter if the ASINs are for the ebook or the paperback versions? Should we put both?

Thanks!

# Mary Ascher

My 7-Day book is live, but the title I chose was changed by KDP. The cover title is “Socialism Is Not a Dirty Word (and Capitalism Isn’t Either). They reversed it to Capitalism and Socialism. I wrote to them yesterday, but no reply yet. Any idea why they might have done that?

# Carlton Phaire

What up, coaches? I am confused on what I am looking for in the new formatting software. Can you show me what I am looking for? Like, what am I supposed to do? Can you show me visually?

Hello Dear Coaches! I am getting ready to my 1st ever manuscript being generated and watched the lesson on plagiarism. And it said that "Citing the original source does not always protect from legal action", and that "quotes are usually OK, but can be protected by copywriting law". Can you elaborate on this, and give examples of when a student had done it properly but still an issue have arisen. How to make sure I understand that before I cite a wrong source or use a quote that should not have been used? Thank you!

# Nes Chew

I've done my book outline & now need to add exercise illustrations to it. Can publishing ai do this?  
Is there a guide to help me format a book with (exercise) illustrations? Thanks very much.
