OPEN Q&A

Submit your questions live on the call in the Zoom Q&A field. We will pick the best questions to answer!

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

My Title and subtitle is :

"Essential Skills for Teens to Succeed in Life:

A Step-by-Step Personal Development Guide for Thriving, Confidence and Responsibility: Master Empowering Communication for Stronger Parent-Teen Bonds."

I have other options with slight variations but this is the one I think is the best. What do you think of it? Also I have included in the subtitle the last phrase about parent -Teen Relationships. I think a lot of parents care today about this concept.

Thanks

Martha DeLaine

Input please:

POC= Raised Bed Gardening

My Title: Raised Bed Backyard Gardening for Beginners

My Subtitle: Easy Setup, Soil Health, Pest Control, and Maximizing Yield"

This is what ChatGPT says about it:

“This title includes common keywords like "Easy Setup," "Soil Health," "Pest Control," and "Maximizing Yield" which are popular search terms or benefits often highlighted for raised bed gardening products on platforms like Amazon.

Thanks, coaches & fellow publishers

Ellie

Hi Coaches, I've created a couple of customer research documents. If I combine them all into one and add any additional elements I want to include in my book to the "Takeaways and Focus Areas" or "Unique Selling Points" section of the document, can I use the whole document (copy and paste) in Publishing.ai to generate my outline?

Michael Tremblay

I am producing a book entitled” AI in the Classroom” and using Grammerly to proofread and check for plagiarism.

How do we decide when a cited phrase represents plagiarism and must be cited? Grammarly is finding short phrases of under 10 words that are not specific to any topic (AI or otherwise). For example do all these little chucks of text such as “your lesson plans, ensuring they align with your teaching” or” By using these templates, you can ensure consistency in” or “Regularly evaluate the impact of these tools on” need to be cited in the reference section? Each is identified as matching in a cited document.

Occasionally I can change a single word and sidestep the checker. Is this recommended?

Is it worth using the PS package of"AI Manuscript Developmental Editing & Humanization Package" and why? Also, can I send them the script b4 adding interior images for editing?

Thank you.

I may have missed this in the lessons, but what tech do I need to make workbooks? I can see how to make activity books but I am thinking more self-help type workbooks (I am a surgeon in women's health and want to make a menopause one). Thank you .

Harry Wegley

Can we edit our book outline prior to generating the manuscript? If so, how do we access this functionality?

Thank you coaches for your feedback on this title and subtilte...Title: Ultimate Pregnancy and Childbirth for New Mothers Handbook

I would like to review my cover on the next workshop with Brian on Friday April 4th. Thank you!

Zoe Richardson

My KDSpy is in an apelet window that I must scroll both left and right, and up and down. I don't see the full window at all, and there are no options to make it a full sized window. I've logged out and back in with no change.

Zoe Richardson

My KDSpy window often times out or says "no results". Worried I had too many windows open at once, I closed windows and no change. This happens in regular and incognito mode, signed into Amazon and signed out. Getting responses are inconsistent, sometimes even with the same search topics. Please advise.

Hello... I have 2 books on KDP and on my KDP bookshelf it now says that my 2 ebooks are eligible for an Audiobook.It says I can add audiobook with virtual voice. Is this something that I should do? And if I do, is it ok to use a female voice? Does it matter if it is a male or female voice? (There's a female voice that I like the best). These books are about gardening Thanks for your input..

Janet C.

I have put my books on IngramSpark. It says that they are live. My question is, how do I find the books to check if they really are on there? Unfortunatly I really don't understand how it (IngramSpark) works? Is it a shopping platform like Amazon? Or are there individual stores on there like Barnes & Noble?

Thanks...happy Friday!

Can you provide a step by step guide to advertising your book on TikTok?

How do I get my first book published at Amazon?

Are there any available tools offered to help with marketing the book?

If I decide to acquire additional print copies for promotional purposes; how do I do that?

Is there a way to add graphic arts and illustrations in the book?

Is there a support system to help sell books with other online book retailers and bookstores?

Does the software from AI.Publishing.com offer robust customization options for book creation, such as adjusting the structure, theme, narrative flow, and other creative elements?

Denise Tysor

Coaches, I am very confused. I submitted a request for a quote to 99designs with some ideas, and I only received the price without an example: $292.95. I also submitted a request for proofreading of my completed 30K book, 6x9 with 138 pages, and received a quote of $245. I didn't expect the cost. Any suggestions will be greatly appreciated. Thank you, Denise Tysor.

Hi, I'm not sure if this qualifies as a tech question, but I'm currently working on getting my book loaded onto KDP. I clicked on the "Create" link, and I was presented with three options: Hardcover, Softcover, and Kindle. So, I am to create three different books at the onset, correct? When I set it up, they will all have their own ASINS, I am sure. For the review page link (QR code), which version should I use? I assume they will all be together, so it may or may not matter. Comments?

Who, When and where is the Table of Contents added?

Angelo Williams

I remember you said 7 or 8 words is too long for a title. How do you recommend I fix mine? Everything is under 180 characters.
