We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

I just finished module 3, I have a couple of titles in mind, but the outline will depend on which variations of those title I decide to proceed with... since it is recommended we attend the 1-1 coaching call with both title variations and outline ready, is it a bad move if I book my coaching call only to discuss title variation? I'm very undecided and would like to settle the title before proceeding with the outline.

If any books are sold by amazon itself , is it wise to choose that book topic to launch a book? Bcz in case of amazon fba or other online business its always instructed not to compete with the creator of the platform.(the topic already met all the requirement by KD spy).

I was searching keywords for my book topic and found a niche that nobody ever wrote a book about . The book topic is already successful but not that specific niche. This niche is one of the keyword from the book topic. Will this be a risk|?

"Hi coaches, could you please give me your opinion on my book title? I've tweaked it a few times now and hoping that I'm getting closer to the finished product.

Book topic: Gut health for women

Keywords: Hacks, for women, reset, autoimmune and microbiome

Title: Hacks to reset your gut health, for women: 5 easy steps to transform your microbiome, relieve pain and boost mental wellbeing.

Does ""Hacks for women to reset your gut health"" sound better?

Heidi

What is your advice on publishing adults colouring books? I am interested to do that but it is not a 30K book so is that something we should go for it? Also can you advise on how to handle the layout and printing? Thank you.
