There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

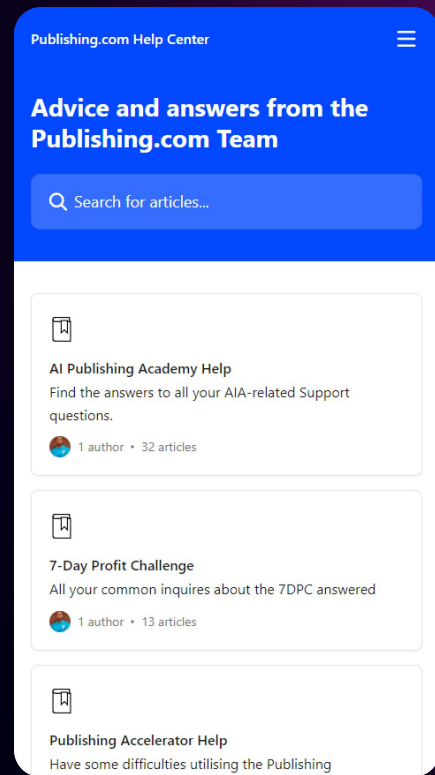

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

I forgot to include this question in my previous submission, namely: Do I need to include references generated by Grammarly when checking for plagiarism? I do not want to assume that I should only use the references that Publishing.ai generated for my manuscript (even though I believe I should). I made some comparisons, and I found some of the Grammarly references have nothing to do with my subject which deals with cryptocurrencies. I didn't check all of them. I also compared references provided by Publishing.ai with those generated by Grammarly. Most references generated by Grammarly were not included in the references provided by Publishing.ai Since I have not read all of the books/articles provided by Publishing.ai, I have no way of actually knowing if they will suffice. I'm trying not to overthink this but plagiarism is a serious matter, and I rather be sure than sorry. BTW - you did answer my previous question which was to ignore the citations generated by Grammarly. I'm hoping the same applies when it comes to references. Please advise.

Could you please give me your thoughts on a couple of ideas for the title of my first book -

even though it may not have POC, I'm writing it to honor my Mom who recently passed away (it's for the 7-DPC)?

#1 Main Title: If Hats Could Speak

Subtitle: Uncover the Stories of Iconic Hats to Uplift Your Mood, Unlock Your Power, and Unleash Your Confidence

#2 Main Title: More Than Just a Hat

Subtitle: Explore The Fashion and Passion Behind What You Wear, Express Your Sense and Style, and Exude Timeless Confidence

Topic/POC Question: I believe I found POC for the topic: "Communication Skills for Couples". Could you please verify for me? One of the titles includes the word "Workbook", but after reading the sample and considering the 174 page count, I think it is ok. Do you agree? Is this a topic that may be too saturated? Thanks!

I am trying to determine if an adult humor book relating the 2020 and 2024 elections violates Amazon policy. If so, does that just relate to the book cover content or all content?

Another question is related to strategies where the book isn't susceptible to audiobook format.

Jason Kaye

From the weird file... During the Topic/POC call on Thursdays, I watch the call on my home Mac, and follow along the POC check on my Macbook. I've noticed (quite by accident) that the KDSpy results are different than the Coaches when I'm Incognito, yet they are exactly the same when I'm visible. Does it matter in some way? My visible results are more apt to give a thumbs up to POC.

Gale Henrard

Please check two potential book topics for POC. If one is clearly better than the other, please indicate that. In case it impacts how you interpret the results, I am a psychotherapist and both topics are within my field.

Topic #1: Anxious Attachment Recovery- Yes

Topic #2: Vagus Nerve Healing- Yes

Thanks!

Hello I was wondering if anyone had experience with opening a KDP with their existing Amazon Pro account?

I've been using it for 10 yrs in my private label Amz. Biz? I can see potential complications with the Amazon bots, but would like suggestions from Pro's in the publishing field. Only reason I would consider it is because that account is my LLC and for tax reasons. Which I will have to handle somehow after my first big book. 🙏 Thanks for any feedback!

Kevin Acton

Hello, my question is on trademarks. I must admit I'm a little gun shy on the subject as I had a very successful private label product shut down due to trademark infringement some years ago.

When I got to that portion of the course I kind of hit a confusion when searching through the USPTO link provided. I am not sure how to determine for example if "off grid survival" is a trademark infringement when there appears to be a trademark on "off grid" ? Please do not advise me to get an attorney yet, I'm asking for publishing experience on that type of trademark first. I am not the type that will hold a person's opinion to the fire, just trying to see if anyone has experience with same type? Thank you for any feedback

Hello Coaches, Please provide feedback on the following book title:

How to Raise Confident Kids: 5 Key Concepts to Improve Positive Parenting Skills, Learn Mindful Discipline Techniques, and Increase Awareness of Your Personal Parenting Style

This is a book for parents raising children in middle childhood. If it was a book for Toddlers or Teens I would put that title.

Hi guides, I'm not a native English speaker having trouble figuring out if my title is grammatically correct. It's hard to tell even if you use Google Translate. I'm hoping for some help with a title for a 7DPC book: My suggestions are:

- 1) "Guidance to Be a Happy Retiree" (I like that it rhymes; I'm hoping this works well!)
- 2) "99 Ways to Be a Happy Retiree" (or do I have to use "being" instead of "to be"?)

What's grammatically correct? Do you have any suggestions for what I could write instead?

Thanks in advance. I appreciate your help and your work.

Mary Ascher

Please verify POC for the topic Osteoporosis/Bone Health. Is that a question that is only for Thursday research calls? Thanks.

No there were only 2 books under 150 reviews that are making over \$500/month.

Hi guys, when using Grammarly to check for plagiarism, i've been citing EVERYTHING, is there a way to distinguish what MUST be cited and not? Also the Kindle Create app is a MASSIVE P.I.T.A., is there something that similar to it that doesn't butcher my pages? pics, text, splits, everything has proven to be more time consuming to correct than to use all together... Any advice? :)

Rebecca Brown

Hi Coaches, I'd appreciate your feedback on my 3 cover designs. I hope I am attaching them properly here. If not, could you please explain the steps of how to upload book cover photos? Thanks for all your help

Question 1-Can you please review my book title? The topic is 'overthinking'.

Title: Overcome Overthinking (22 characters with spaces)

Subtitle: A 9-Step Approach For Easily Overwhelmed, Highly Sensitive, And Indecisive Individuals To Reclaim Emotional Mastery, Gain Intuitive Clarity, And Make Confident Life Decisions. (176 characters with spaces)

I feel like the Title is a bit bland, any suggestions?

Question 2- It is a spiritually inclined, personal development type of book, but the focus is on 'overthinking'. Does the title/subtitle have to relay that, and if so, did I do enough to convey the spiritual aspect? Or am I overthinking this? Hahaha.

rebecca debenning

So going thru the steps I have reached trademarked my title 0 in common. done my outline submitted to AI who produced an informational book yes but boring and redundant. you said to review and i did. grammatically redundant as well per grammarly.

My query is I took my ideas and outline back to CHATGPT and wrote a piece more in the direction I wanted., expanded etc hitting points in the outline, but I cant get past 17000 words. i have run it through plagiarism and not one issue there either. I tried comparing and revising in WORD but it included revised chapters and repeated information as well. Is there an app to take the best of both and hit my word goal. my brain is frying going back and forth trying to recall how or where something was written in each manuscript.

Jo-Anne Gannon

If I take the time to go through the initial publishing a.i. book outline, and make a lot of preferential changes, and then Regenerate the outline, will the new reformulated outline contain my changes, or will it just be a completely new outline? I guess what I want to know, is if I'm wasting time reworking this first outline that I am not particularly happy with and making substantial changes to it, when I know I plan on "Regenerating" it.

Hello coaches, here is the latest re-work of my title. Hopefully I'm getting closer.

Hi coaches, How can you use KDSpy (or other tools) to test for niches in other marketplaces ?

Say I'd like to explore the French market.

Can you switch and test "amazon.fr" ?

Or do you use French keywords on the "amazon.com" marketplace? The problem is that sometimes the French keywords are the same as in English, for example "piano technique".

Thanks !

Larry Solesbee

while i asked for font size 12, compared to other books on my shelf the font looks like LARGE PRINT. Could they have used the wrong size font, or is size 12 supposed to be pretty large. From the formatter it's coming back as 268 pages. I asked for 6" x 9" trim. So I printed out a few pages and cut the paper to 6x9 and compare it to other books I have on my shelf.

In the PDF, I chose several pages at random and the word count is between 190 and 220 per full page of text.

in MS WORD my manuscript shows 133 pages 43k words. I know WORD is setup to print on 8.5" x 11" paper so the page count is off .

What should I do?

Has anyone experienced your book show up on Amazon with no image using your Title, Subtitle and Author Name but not one of your ASINs? I have reported it to Amazon. Is this something that happens all the time?
