OPEN Q&A

Submit your questions live on the call in the Zoom Q&A field. We will pick the best questions to answer!

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

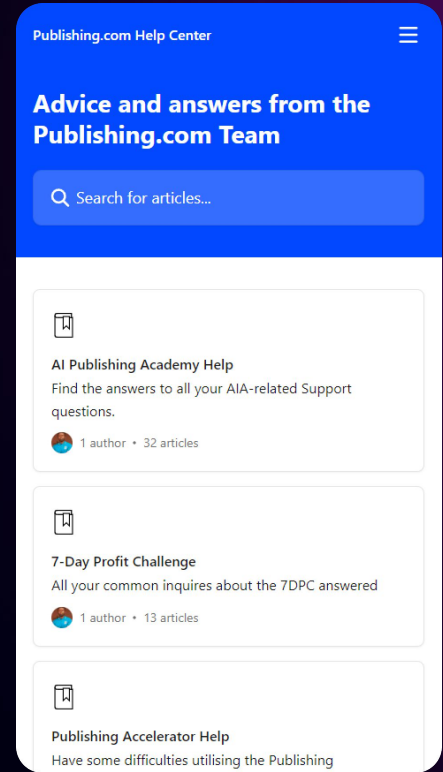

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

interested in hearing how Amazon treats fully AI-generated books

Publishing.ai provides references as: [article title /url]. This is not APA or other reference format but videos say to use APA format. Is the provided format acceptable to use, or are we to then required to expand these references to a more complete APA format?

Further, if we keep them as the original [article title / url] but want to combine them with other book sourced APA formatted references - is this acceptable to have these two different formats?

Colleen Sabyan

I'm still deep in the editing phase of my book. During the last session i attended, the leader said both AI and plagiarism counts should be under 5%. My plagiarism is fine, but I'm having quite a bit of difficulty lowering my AI percentage. I have been consistently working on this with no luck.

Do you have any hints or suggestions on lowering this percentage?

Rosemary Hatten with Patchwork Enterprises

Is it possible/advisable to embed links to purchase recommended equipment and supplies within the book manuscript? My topic is woodworking with resin and requires good quality products. Besides helping to obtain better project results, could this be an additional revenue stream? TIA

I just got started. Can I submit a question after I begin using the software?

Is the Book Outline generated by publishing.ai detailed enough to produce a book that is detailed enough? Publishing Services does not think it is appropriately defined and detailed.

In one of the videos (I think under "client research"), I'm not sure which brother it was, but he was pointing out the royalties earned by books he had just looked up on Amazon! He was doing the research to find out if his book topic was viable!... I purchased the programs needed to do the research, but I can only see the book rankings; not the royalties earned by each book. Can you please tell me how I can see the royalties of book on Amazon?

I would like ChatGPT to rewrite some text in my book for style but don't know how that is done. Can you describe process or show example, please. Thank you.

Hello coach/es,

I'm thinking of buying a formatting software (I have a PC). I wonder, could you do a quick demo on Atticus please? Do you have a tutorial or step-by-step guide for students (besides watching YT videos? I want to DIY my next book so I have more control. UBF only has Vellum, with a turn around time of 14 business days, after the first round of revisions. The suspense is killing me, lol!!! ;)

Would you please take a look at my book covers? My coach made some suggestions and then wanted me to get a larger group to give their opinions. Ignore the errors such as different names as I changed my pen name. I'm going for overall look. Thanks so much.
