FYI

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.
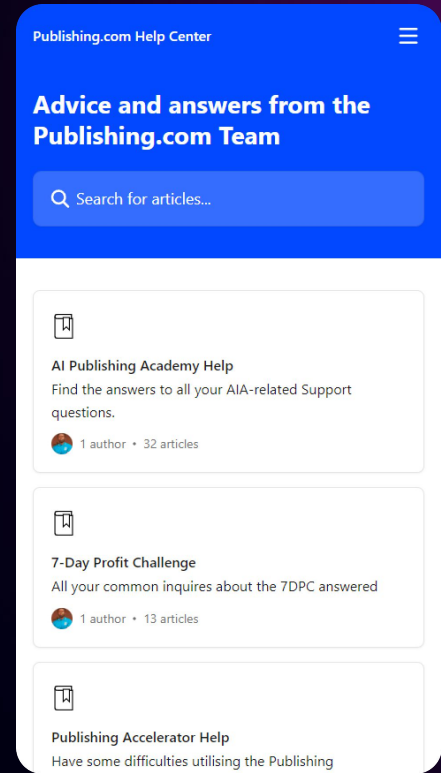

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

Is it possible to put a table chart in my book to present information in another way? The kind of table you use in Word documents, I am just unsure of how to insert that into my book on the Publishing AI Manuscript. Thanks

I'm having a heck of a time with gaining advanced readers via Facebook method. I've been kicked out of 5 groups just for asking the Administrator if I can post and I've had 4 other sites decline to let me post. I'm following the method word for word. My topic is Leadership Development so I've focused on Leadership groups, management, managers etc. I'll keep plugging away and keep adding groups - don't know if you have any words of wisdom. I did start right before Christmas so it has been really slow - hoping it will pick up.

Is there a tool that counts your title characters and where can I find it? Does it have a name?

Karen McGraa

Which are the best Book Titles? I plan to hire someone to do the Kindle Cover, Book Cover (soft and hard) and the Audio cover once the title is solidified. I keep being told my manuscript is not ready and don't know why as I have edited it several times.

Hello coaches! I'm back again with a request for your advice on my book title. This is my third iteration based on your recommendations. I am very thankful for your advice because each time my title gets better and better.

This was the title last week:

Stress-Free Career Planning for Teens: Discover Your Passions, Set Clear Goals, Maximize Your Talents, Chart Professional Pathways, and Build the Future You Deserve -164 characters with spaces

This is the modification for this week:

The Essential Guide to Career Planning for Teens: Discover Your Passions and Talents, Set Clear Goals, Map Out Professional Pathways, and Build the Future You Deserve -166 characters with spaces

Many books start with "Career Planning for Teens," so I felt the need to preface the topic with something.

What do you think?

Thank you.

When I use Chat GPT and other AI it shoots out book covers with misspelled words or fonts I want to shrink or enlarge, and it does not allow me to transfer to Canva and change the text. Is there something I need to do for this to be able to change the text?
