Week 3, Lesson 6 says that for Audible, the book topic / keyword term has to be exact for it to rank. My question is: would something like "Bushcraft for Beginners" (to use the twins example) rank only for the exact keyword "bushcraft for beginners" or could it also rank for "bushcraft" because that is also in the title?

Mihaela

I am using an Ipad. Chrome is my default browser. I am unable to download DS amazon Quick View? Have others using Ipad had this problem? Any suggestions?

Sally

I recently received files of my book cover from the designer. In the course, we are advised to get the source files from the designer, but I don't know how to tell if I got the source files. What are source files exactly, and how does one identify them?

Melanie

What are some best practices for working with a ghostwriter for the first time? Should I be using AI tools like ChatGPT checkers and plagiarism detectors during the writing process, and if so, how frequently should I use them - after every chapter, for instance? Also, is it advisable to consistently review the outline as the writing progresses to ensure all the important points are being addressed? any advice is MUCH appreciated!

Melanie

Which AI tools or ChatGPT checkers have you found effective for reviewing a ghostwriter's work? Can you recommend any specific ones that I should consider using to evaluate the quality and originality of the content being written?
