The logo consists of the letters 'FYI' in a bold, white, sans-serif font, centered on a blue rectangular background that has a slightly distressed or torn edge effect.

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

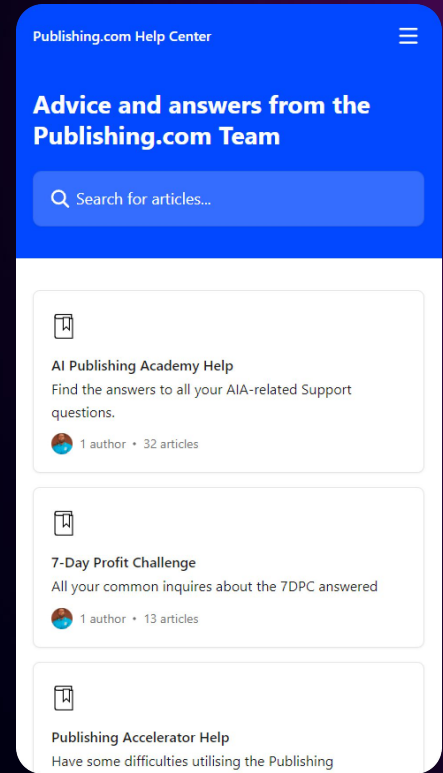

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

I am in the process of making one of my books, published 34 years ago, into an ebook. The book is long since out of print, and I own the rights to the book. I'm looking for

1. Feedback on the title: "At One With All Life: A Personal Journey in Gaian Community."
2. The cover. I don't know how to upload an image of the cover for you to review. You can see the cover if you go to Amazon.com.

I really would appreciate feedback on title and cover before I move forward with creating the ebook. I would like the ebook to be more successful than the print book.

# Anita Babcock

Doing topic research by searching For Dummies to get ideas, Excel came up. Looked like that might meet POC but can we publish a book about Excel? Would that be something that copyright would not allow us to do?

# Richard Reukema

I would like the title and subtitle of my book reviewed (business book)

# Ray Palmer

When sending your manuscript to publishing services, will they correct the pages? i.e do they make all the chapters start from a new page if you have them in the middle of the page? Or should you send the book exactly how you want the finished product to look?

# Charlotte Warren

Does it matter what genre you write about?

Will you help with marketing strategies?

# Lisa T.

Hi Coaches--the publishing.ai manuscripts are AI-generated...how much are we to edit in order for us to claim it as AI-assisted before submitting to KDP? Would you please provide specifics/examples? Or are we submitting as AI-generated since content guidelines state even with edits it is still considered AI-generated? Thank you for your help.

Amazon content guidelines:

AI-generated: We define AI-generated content as text, images, or translations created by an AI-based tool. If you used an AI-based tool to create the actual content (whether text, images, or translations), it is considered "AI-generated," even if you applied substantial edits afterwards.

Hello Coaches,

Can you please clarify my next steps--I have my manuscript from Publishing.ai and am doing my own proofreading with Grammarly and intend on having it edited through PS or TUW. I will need to add pictures though as it is a book about gardening...how and when do I go about this? Do I need all the pictures in before I would send it out for professional editing and/or formatting? Do I copy the manuscript out of the Publishing.ai system and put into google drive doc and do that manually, or add the pictures within the Publishing.ai platform manuscript page? Can you also please provide recommended ways to get those kinds of pictures. I also see that a book description can be written after hitting the continue button from the manuscript page....does that need the text only? Please provide any further clarifying insights you may have if I am missing anything..... Thank you.

I posted my ad on Facebook, I just checked and many people want my book! Just one problem, I don't know where to get the copy of the book? I formatted my book on Vellum. Do I give them a generated copy from vellum? I'm so confused 🤔? And I have another question about Pubby.co. I can't see my reviews? I live in Canada and its too confusing to leave a review on Amazon.com, because I haven't spent \$50 on Amazon.com, so I leave a review on Amazon.ca. Please help!

Hello coaches, I got my epub from my finder folder clicked on it and it went straight to my book store. I dragged the my book out of my book store and onto my desktop, opened the epub, but it appeared in my book store. Will that happen when I send my ebook to people who are interested in my book? I've watched the facebook review DM's so many times, am I missing something?

# Ken Gordon

When I go to publishingai to do topic research do I find it by first clicking on "start a project?"

# Vladimir Ingerman

I reached Publishing.ai, Writing Sample for my first book.

In choosing topic which is usually addressed by known experts, do you limit your ability to make POC, as well as succeed?

# Tonja Jenkins

I followed the instructions and was able to create my first manuscript. I am working on a book cover while I am reading my book. Is there a recommendation to have someone review this book package, since its my first; before going any further?

I'm setting up my book in KDP now. I don't have my ISBN yet and I probably won't get it by my desired publish date (11/27). Since I can't change that number after publication, is it better to use the KDP free one (that's an AISN, right?) for the Amazon version and use my ISBN when I get it for other sales outlets OR postpone the publication until the ISBN is received?

# heidi clifford

What do you think about this title and subtitle for my 30k book? The subtitle seems quite short compare to my competitors. Do you think I should expand it or leave it as it is? Thank you.

I am brand new going through the lessons now and am at the Ghose Writer lesson. I didn't realize that I would need to hire a ghose writer, this is more money outlay and I haven't gotten started. I thought you could use AI Publishing to write my book. Please explain. Thank you.
