OPEN Q&A

Submit your questions live on the call in the Zoom Q&A field. We will pick and choose the best the questions to answer.

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.
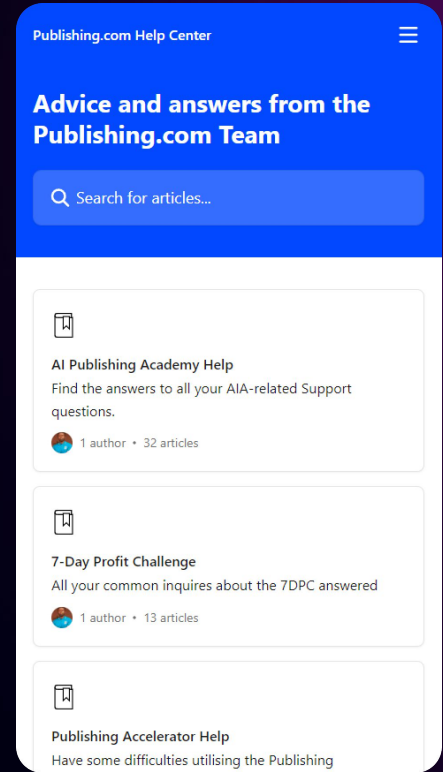

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

Hello Coaches and feedback would be great:

Title: "The Balanced Millennial: Mastering Mindfulness for a Life of Purpose and Peace"

Sub-Title:

Achieve mental clarity, reduce stress, and create lasting balance in a fast-paced world—while steering clear of burnout, overthinking, and shallow mindfulness trends.

Hello I am seeking feedback on my book cover. Thank you. Here is the link to it on Google Drive.

Hi there. I'm working on developing my title. Here's the original version:

*The Homesteading Lifestyle: A step-by-step Guide to Self-Sufficient Living, Backyard Farming, and Sustainable Homestead Skills in just minutes a day

Updated version:

The Homesteading Lifestyle: A Beginner's Guide to Self-Sufficient Living, Backyard Farming, and Essential Step-by-Step Skills For a Healthier, More Sustainable Life

or

The Homesteading Lifestyle: A Beginner's Guide to Self-Sufficient Living, Backyard Farming, and Essential Step-by-Step Skills For a Healthier and More Sustainable Life

*not sure on the grammar piece for using either "and" or ","

Do these benefits flow nicely with the title? How does "Essential Step-by-Step Skills" sound?

Are we able to submit our own stories and information for AI to turn into a book?

Can we submit stories and examples of poetry and have a write a poetry book?

If there is a book you want to use as a reference for your book, but it's not in the Publlishing AI System, are we able to put the books into the system?

Jodi- You gave a list of over 14 potential topics for books. You should review the Proof of Concept lessons in Module 2 and determine if those book topics meet POC.

I am working on the FB ads method for leads. How long should I run the ads with a $5-10 daily budget?

I realize the course teaches to not select an end date.

Just for my own knowledge, how long is likely? 1 week? 2? 3?

I am trying to determine a publish date on Amazon afterwards...

Here's my tentative title:

7 Steps to a Business Startup: Practical Tools and Data-Driven Strategies to Quickly Generate Revenue and Ensure that Your Business Is A Success

Julia Jorgensen

I've doing topic research for a while, going into many categories in Best Sellers Lists, deciphering topics from the books that come up (2-6 words/specific), then testing for POC. I have not been able to find anything that comes even close to having POC. I've made many lists & tested many topics. I have watched the lesson a few times. Have you run into this problem yourself? I wonder if I could be making an error or missing a step. Does anything in the description of my process seem incorrect?

Lydia McCloskey

Hi! Thanks in advance for some feedback. Have started my 99design contest, and these were the top three that resonated with me for being applicable to the topic. Would like to

1) Validate my beginning analysis presented (so I can get better at judging for myself)

2) a full review of good bad and ugly on them

3) With additional suggestions on what to ask the designers to make these better

Have 2 links (both shared :) first is each cover with my thoughts, and the second are all three side by side together.

How do you decide on a final outline? I've generated 4 versions, all a bit different. I'm editing in Google, some in Word, generating missing items with GPT. It takes a huge commitment to redeem that credit, I'm frozen.

Michelle Courter

What is the difference between Accelerator and Pub.AI. Both are listed. I assume we are to follow just Pub.AI course?

Susan Didrichsen

My main issue is this: I'm stuck finding a suitable POC topic for my skills. I've tried music, veganism, gardening, homesteading, singing and performing, long-term relationships. None of these topics seem to have POC - or they are topics that would require lots of photos - and it surprises me. "Raised-bed gardening" has POC (I know about this topic!!), but my customer research says people "love color photos". If I'm going to do this....and make money..... I need to do a book on something I care about and know something about that doesn't require color photos, at least not in a first book. I have tried wording things many different ways, still no success. What is your advice? Thanks in advance for any guidance......

A few questions for when the manuscript has been generated from Pub AI:

1-   Is there a free app or service that will go through the manuscript to detect if it's AI generated language so that it can be edited to sound more 'human' and pass any checks for Amazon? If yes, what is it called?

2-   When is the best time to run the manuscript through Grammarly? Before or after the AI check? Would you then run it again after editing or adding to the manuscript?

3-   What are your thoughts on this for a title + subtitle for the topic of 'Overthinking': Eff Overthinking! Overcoming Overthinking To Tap Into Your Intuition Easier for Confident Decision Making

Lynn Goldstrohm

Hi Coaches. Please give me your opinions of these titles and subtitles for my book about Autism Treatments and Therapies. Thank you!

Reviews question. During the period when Amazon allowed my book to be listed for $0.00, I received many verified purchase reviews through Pubby. However, since the free period ended and the price is now $0.99, few Pubby reviewers are willing to leave verified purchase reviews.

The program advises aiming for 100 reviews, with as many verified purchase reviews as possible. Given the lack of interest in reviewing the $0.99 book, around 40 of the 100 reviews will be unverified. How big of a problem is it if 60 of my reviews are verified and 40 are unverified?

Laura Topliss

I live in England and I understand there are many successful students here. I'm wondering about whether I should aim my topic at the US market or the UK market. I would prefer the UK market as I understand this better and would be more confident with subject but will this restrict my success on KDP in any way? Will it be marketed as a US book? Can I get any advice from other UK based students? I'm not on Facebook though so can't access the forums.

Dear Coaches,

I navigated the process of joining the Facebook community group. Arrived at my facebook page but could not find the group and could not join. What do I do to join the facebook community group, please? Thanks.

When publishing the Spanish translation of a book, (1) Is Amazon.es the "primary marketplace?" (2) If someone is in the Amazon.com marketplace will they see this version or do I have to add it to the Amazon.com marketplace as well? (3) Depending on you answer to #2, if I publish the Spanish version on Amazon.com please confirm only English descriptions can be applied.

When creating an IngramSpark account, if I have an LLC established for publishing, what are the implications, if any, I should consider when selecting business vs. individual account? Is it just tax information (ss# vs. EIN)?
