The logo consists of the letters 'FYI' in a bold, white, sans-serif font, centered on a blue rectangular background that has a slightly distressed or torn-edge appearance.

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

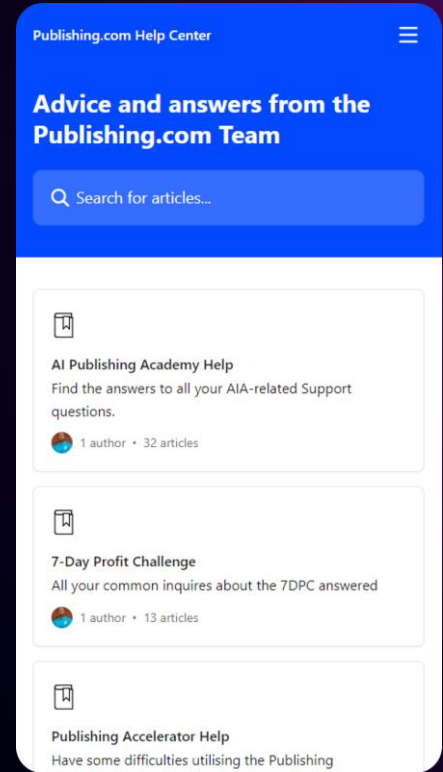

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

How do I pick the right price for my book? It has a 40,000 word main body copyright eight March titled 100 best Bible quotes and why. Should title be numeric 100 or written out one hundred. I favor numeric. Of course the copyright copy is already outdated, but I can update the hardcopy the PDF & Word. I specified revisions & specific "essences" in c. comments box. I like \$12 but I think it's worth \$20 but what about price point resistance from prospective customers?

Robert

If a laptop can do 95% of dashboard and it is significantly less expensive than a desktop, any advice or on a model to buy if I go to Best Buy or some other place. As limited as my funds are I don't want to buy something can't fill my needs. What about a used refurbished one ? Is it worth the risk? I just want to be able to access AIA, Gmail, and Word. And whatever I get, it can be connected to a printer in the future.

Robert

If I miss a meeting are there transcriptions, I can go back and search for answers?

Do we have to pay for "AMZ Suggestion Expander"? They keep asking me to pay for PRO 🤨

I'm installing KDSpy, and there is an upsell for KD ROI which has attractive features for one time unlimited use price of \$57. Should i get this, or are these benefits covered in AIA course?

Here is my working title for a Critical Thinking book topic if you have any thoughts --

The Critical Thinking Formula: Outsmart Bias, Hone Your Logical Skills and Become A Master Communicator In Under Ten Minutes A Day.

The AI Customer Research Report is still telling me 18-45 is my demographic. I typed in "Critical Thinking For..." and tried to drill down and the only thing that came up was "For Teens" and "For Kids" - both of which fail the POC. The more general "Critical Thinking" personal development books have 6 books with under 150 r's and over \$500/month so I'm thinking it's a go?

Hi Coaches, Just got a cool graphic for a cover on Stoicism from FIVERR incorporating ancient and modern worlds, so the title/subtitle needs to say that. It has POC and under 200 char count. What do you think? Thanks for your feedback.

Guide to Well-being with Stoicism

A 15-Day Voyage of Discovery Learning to Apply Ancient Wisdom in Modern Life and Gain Inner Peace, Tranquility and Emotional Resilience using Simple Exercises

Can you elaborate how exactly to create a no-fluff high-quality book without any personal experience in the field? For example, for the topic "Negotiation", neither ghost writers nor AI can write any real-life negotiation scenarios and specific tactics (at least, that is what I got from publishing.ai). And those practical negotiation examples are crucial to the success of the book without it sounding fluffy. The way out as I see is at least reading 3 competitor books, and extract specific examples and tactics from them, which requires a significant amount of time. It'd be like writing half of the book myself. Not sure if this is the right way to go about it or if you have suggestions for writing a no-fluff book without personal experience? Please answer this question on the call of Mar 19 if possible. Thank you so much!

Ok, I've gone back and forth quite a bit with multiple word options/phrases to find solid POC. I'm hoping you can confirm POC, and title/subtitle.

POC: teaching money skills for kids

Title/subtitle: A Practical Teaching Guide About Money Skills for Kids: Easy-to-follow Steps to Financial Literacy with Budgeting Proficiency & Saving Habits for Kids Ages 4-12 (160 characters).

Thank you!!!!

Gracie

In order to get reviews for my audible book, how do I get reviews from our AIA Publishing Facebook group?

Nancy

I am having difficulty uploading the manuscript to KDP without the formatting being all messed up. I have used PDF files, and three other formats suggested in the videos. Page breaks are off, and indenting as well as spacing is off. I have worked on this for over a week and still can't get it done properly. Thank you for any help you can provide. And I thought writing the book was going to be the difficult part.

I've been reading that some people are having problems with their audiobooks when they have used Midjourney or AI images in their books (interior and/or covers) due to some copyrighting issues. Is this true? Do you know what the problem is and what we should do to avoid it? We really need to know if we are allowed to use AI for either content or images before we invest our time and money on something that not only might not be allowed, but also it might get us in trouble with Amazon or ACX.

Thank you.

Pam

please give your input on these 3 book cover choices for my 1st 30k book. Book is in editing phase. (I will do my best to be on the call today but I am at the hospital with my mother who is having surgery so am not sure if I will be able to make it today and if not will listen to the replay). Thank you so much as always!
