How do we make/get a copyright page?

Just about ready to publish my book, just going through the final few steps, and I realized I do not have a copyright page. Can I create one myself and if so how do I go about doing that?

Research showed the word superpowers summarizes the positive side of adhd in men that can be leveraged for success

I know the first part of the title is longer than I like but seems the only way to get "men with adhd" (poc) and superpowers and for it to make sense. So which? One q&a gave a thumbs up and the other one basically shot my original down. So here is where I'm at:

Unleashing Superpowers in Men with ADHD:

Develop Grit to Tackle Overwhelm, Get Stuff Done, Find Calm in Chaos, and Transform Failure into Success by Embracing Your Gifts

Men with ADHD Superpowers: Build Resilience to an Overwhelmed Life, Quiet the Chaos, and Move Past Failure by Celebrating Your Gifts for Success and Happiness

Superpowers of Men with ADHD: (use either subtitle here)

Hello, I have finished editing and formatting my first 30k book. Just now I have realized that I have been checking for POC wrongly. (I checked: Artificial Intelligence)

Title of my book: Artificial Intelligence in Everyday life- Simplified

Subtitle: Unlock the Power of AI for Personal Growth, Efficiency, and Time Management- No Tech Skills Needed

Here is the cover:

https://www.canva.com/design/DAGFY3scPVQ/mPlzziaS4hUsqjcMtdOhQg/edit?utm_content=DAGFY3scPVQ&utm_campaign=designshare&utm_medium=link2&utm_source=sharebutton

Do you suggest me to change the title (if yes, then any suggestions?) for the book or move forward with this title and subtitle?

Thank you in advance.

Leighton

I have created the manuscript and checked it with Grammarly. Do I need to place numbers in the text to correspond to the references provided by Publishing.ai and if so, how do I know where they go? Secondly, when proofing with grammarly, and doing a Plagerism check, each chapter has approx 1-4% detected as Plagerism. But when I reviewed the link, it would often only be for a few words in the same sequence and often on a site that was not even related to my topic. So do I need to add these references still or ignore them? Are there guidelines for knowing when I need to add a reference?

ACX rejected my bundle because it says it has duplicate content from another audiobook. Have you guys dealt with this, how were you able to publish your bundle on acx? This is the email I got from ACX.

"We've identified a critical issue related to your title submission. It has come to our attention that this title contains audio files that are already available in another ACX audiobook.

Per our Conduct & Content Guidelines, sections or entire audiobooks cannot be duplicated across ACX projects, with the exception of production credits. This is in violation of our ACX Agreements (<http://www.acx.com/help/legal-contracts/200485430>) , and negatively impacts our producer community and listeners. While some listeners enjoy listening to a book more than once, they will be disappointed to find that content repeated in another audiobook they have purchased.

How do I save my book topic work? I have received an analysis of a book topic idea and have stopped at the outline phase. I want to select a more simple topic for my 7 day challenge. Do I need to have a topic chosen before I start the challenge?

edward

for the quality stamp of approval it states a 25,000 word minimum. what about other factors like excessive NECESSARY pictures, large font-(also necessary) and a purposefully low word count to meet demands of customer research? I'm looking at a book thats number 1 and is KILLING IT(\$2k last month, only 70ish reviews so far, its less than 25000 words and a perfect book.

I have just uploaded my ebook and cover on KDP. There are questions about AI. Did I use it yes or no and if so what did I use it for ie text or images. It also asks what program. I used Chat GBT. I have referenced Chat GBT in my book do I need to fill out all the specific info. Will Amazon publish it if I say no? Its following all of the KDP guidelines.

Just wondering if someone can advise me

Thanks Heather

Could you clarify if you can use the words "healing and recovery" in your book title. I'm Canadian and not sure if Amazon accepts these words for publishing? I have heard that they do not. My POC has both those words. Thanks

Hi coaches, getting ready to publish Stoicism for Modern Life, and saw an article from Reedsy about searches and would like your comment. In setting up the KDP keyword selections, I was under perhaps a misconception that these had to be single words. The article from Reedsy suggest those fields could contain phrases. Appreciate your comments on the most effective ways to configure this information. Thanks

Daniel

What tool do we use for formatting the manuscript?

What are the sizes for ebook covers? And when I insert my cover in my text document, it doesn't cleanly fill the page. do i adjust my text document page size (and how would i do that on the google document?) or do i pull my png cover into the page corners?

Chuck

The Thursday call apparently was for topics only and they said they were forwarding my question to today's call. But did they?

The book is about leveraging the positive side of ADHD in men like intuition and hyperfocus and energy and quick decision making etc which the research called their superpowers. The benefit is mainly internal, overcoming failure, overwhelm, etc.

My current title is:

Men with ADHD Superpowers: Build Resilience to an Overwhelmed Life, Quiet the Chaos, and Move Past Failure by Celebrating Your Gifts for Success and Happiness

BUT it was suggested that it wasn't clear enough.

So this is longer overall but I would greatly appreciate your feedback.
