There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

Happy Friday – You guys are great! I hope you will Bear with me for a non-technical question because I'm still really struggling with my book title and hope you can help me. POC is AI and education

Hi Coaches,

1. Would you look at my book cover and title. I'll welcome any advice you have on the cover design or the title or sub-title.

2. I did POC on the topic "Self-Love Workbook." Of the 10 books with less than 150 reviews, 6 were making more than \$500 per month. Good, right?

I did POC on the topic "Self-Love Workbook for Women." Of the 7 books with less than 150 reviews, 2 were making more than \$500 per month. Pretty bad.

3. Should I take "for Women" out of my title?

Cynthia Brummelhuis

I am writing a book and I have a course with it. I am wondering about how to best market a book launch which will also tie into website etc.

Brad

How do you get started?

Jenny Z.

I had submitted questions 2 days ago, however, not sure if they were received.

(1) Why did my manuscript already have a copyright page in there even though I haven't done that step yet? Is that just normal standard for the ghost writer to put it in there for when it actually has copyright?

(2) In your opinion, do you recommend creating a separate Amazon account with your business email? I already setup KDP account with my personal amazon account, but before uploading my first book & completing the rest of the steps, should I just create an amazon account with my publishing email & start KDP through there?

Thank you for your advice and time !!!!!!!

Brian

I got my quality check back and it was suggested that I change the ending of my subtitle. The advice was that the buyer knows they have to deal with taxes when they make an LLC but WHY are they making it...answer: to become an entrepreneur and to make money! Customer research showed that taxes were a pain point so that's why I had it. Anyway below are some options to change to, let me know if any are worthy. Thanks.

Starting an LLC Made Easy: Beginners guide to simplify the formation process, alleviate fears of costly mistakes, and clarify tax benefits and obligations”

New subtitle:

- 1) “Beginner’s Guide to simplify the formation process, alleviate fears of costly mistakes, and create a business you’re proud to own” or “you can be proud of”OR
- 2) “Beginner’s Guide to simplify the formation process, alleviate fears of costly mistakes, and become the entrepreneur that your friends and family admire” or “that achieves financial freedom”

Brian

I got my quality check back and they weren't thrilled with the book cover. I went through so much to get this made and had multiple reviews in various Q and A sessions about it. The people in the Q&A liked this cover so I'm not sure why the mixed signals. Anyway, the quality check said the gold title looked like 90's and that you can do better than a stock photo of a desk....

I tried to do many other cover variations but none were really liked in the Q&A. So I am not sure why there is a problem with the stock photo.

I don't really want to change the cover 1) because I have no idea what to change, and 2) It seemed to pass all the other tests I put it through.

Just starting out. What's the one thing I should ask?

Chris Rosenberg

Can I / Should I offer my readers a bonus resource via email? I reference simple spreadsheets, etc and would love to both build my readership email list and encourage additional reviews by getting them to email me for the bonus templates. whats your best way to do this? should i just incorporate this into my review page? or should i position this as a different ask / CTA? I can do a simple QR code to a landing page with an opt in for the immediate resource email. Thoughts and pro tips?

Chris Rosenberg

Mac recommendations? I'm a long time Mac lover and my Macbook Pro is 12 years old and too old to download Vellum LOL. any recommendations on specs for a new Macbook Pro? The other businesses I run don't take a huge amount of computer processing or memory. Wondering what the best Macbook Pro specs are for a Publishing business?

Barnaby

I have just created my first ai manuscript, but i don't like the way it sounds and I'm not happy with it, is there anyway i can rewrite it in a different tone? Also, with regards to editing, how much realistically do i need to do to make it sufficiently humanized?

Omar

Hey! I'm narrowing down my choices for book cover. The first 5 were early choices. The last two are the consolidated results from Feedback. Would love to hear any more feedback before I finalise.

Hello! Amazon Advertising question - I have about \$3.78 in SPEND 3,524 IMPRESSIONS 11 CLICKS and \$.34 CPC with no sales. It has been 3 weeks since starting ads. The book has over 50 reviews now. Any suggestions for tweaking or should I leave everything the same for now?

Hi coaches! I'm having my book formatted and am about to receive it. In the meantime I am getting my cover done by someone from Fiverr. I also want to send my book for the Quality stamp review. My question is, Is it possible for me to upload the book to Amazon when I receive my formatted manuscript with a temporary book cover?

The point of me doing this is so that I can start getting reviews while I wait for the results of the Quality stamp and final cover (which could take a couple weeks), saving me time until I get everything finalised, change the cover and anything else, then go for ads.

Chris Rosenberg

Im at about 110 people on my ARC list (building to 200) and doing final edits on my manuscript. When I hit 200 - do I send them a simple rough version (pdf version of the word document) of my manuscript or am I fully editing it in vellum and then sending the pdf of that? Do I format before sending the ARC version or while the ARC list is reading their copy, am I formatting it during that window?

Dale

What if I like some of the content of my manuscript but don't like the order it's in?

There are definitions without footnotes in my draft. Where do I find the sources?

Should I add footnotes to technical information and definitions? How to do that?

Where can I put in my real name or pen name once the draft is sent to me?

I'm working on a yoga exercise book for seniors and I noticed that a selling point in the customer research section was "spiral notebooks that could lay flat during exercise". Is publishing a spiral notebook an option with this program? If not, should I make a different book?

Jared

When generating customer research in Publishing.ai, how many similar books on Amazon should I include? I included 5 book ASINs when I generated the customer research. Is this enough to provide an accurate picture of what buyers want? Is there an optimal number of similar books to include? Is it best to enter as many as possible?

Jay

Do you think you could post 3 covers each of the coaches have done and explain why they are good?

1. I got feedback from one person (a man) that if I included in my book title that it is for women, then I should for sure use a female pen name. I would think that may cause problems. What about my Amazon author bio? Wouldn't that violate truth in advertising?

2. I would love to get feedback from you all on this iteration of my book cover. Here is the link:

On the slide for creating a book cover with Dall-E using the ChatGPT prompt, the prompt reads "Create 10 [style], concept- driven book cover design ideas for my book: [TOPIC]. Then below it states prompts should not include the words: book, cover, etc. This seems to contradict what is written within the prompt. Am I reading this wrong?"

Shannon

I'm looking for guidance on including journal prompts in my 30k book. I recently learned that one of our colleagues had her Ebook blocked on Amazon because it contained journal prompts. I don't want the same to happen to me. Apparently prompts are acceptable in the paperback and hardback versions. I appreciate any info. Thank you.

How to make audiobook?

Olga Kaminer

I'm in the editing stages of my book. It already has more than 35,000 words. A very important feature of my book is doing lots of practice. I'm creating a separate document with these practices.

These are the options I see:

1. If I combine the practices with the book, it is going to be too long (approximately 60-80 additional pages)
2. If I don't combine, I can create a separate book called "Workbook to accompany..." and sell them as a bundle.
3. I can also create a website with all supporting materials/practices.

What would you recommend? I'm open to any kind of suggestions, not only my 3 options. What would be the most profitable solution?

Thank you!!! 🍕

1. I have some keywords that are performing really well, and the advice is to create a separate campaign for them. Does that mean I should remove them from the original campaign by applying negative targeting? Or should I leave them running there as well?
2. I know that for optimized campaigns, you increase the bids. Just to get a sense of it, how high do you set your bids for well-performing keywords? I heard that you want to find the sweetspot. How do I recognize it? At which point doesn't it make sense to increase bids, if ACOS is still great?
3. Do you have any other tips for scaling?

Caroline

Hi coaches!

I wonder if you would consider "Stress Management Workbook for adults" or "Pain Management" as a topic, or is it too unspecific? I know this isn't "Topic REsearch Day" today, but I'm trying anyway so I can proceed with my POC-process.

Thanks in advance!

Caroline

Hi again! If I wrote "too specific" in my question earlier, I meant "Too UNspecific" of course...(too fast fingers sometimes)

XOXO

Chianti

My POC is "Tools for Learning Disabilities for Parents". Customer research emphasized using real-life examples. Will that be a problem with the manuscript AI?

Also, I'm having technical difficulties with Facebook. They won't let me open an account, claiming it "doesn't follow our Community Standards on account integrity and authentic identity." That's ridiculous since I've never been on Facebook in my life, but that's the situation. I'm wondering how to get the reviews I need in light of this setback.

Paudge.

Would you please review my Title and Subtitle and maybe give me some direction. Title:

Terry

Hi. I posted in the FB group though I am not sure if you were able to get to this question and I am hoping it will help others too. In editing my outline I wanted to delete an entire subchapter. When I did this AI asked me to RENAME the subchapter. I wanted to delete it entirely. Is this possible? Will the program then number the subchapters accordingly?

Mike

What is the maximum AIA book wordcount a) possible, and b) recommended? I am working on a book for entrepreneurs about business startup. I want it to be comprehensive, but I think that's going to make it very long. The estimated word count is 32,160, but I think the full manuscript will be much longer than that since the outline itself is over 12,700 words.

Emma Schuback

I'm down to my 3 preferred title options, can you please let me know which one you prefer

I'm deciding which formatting I will use. Is Atticus a good one? Based on the reviews and pros and cons, I think it is the best one.

For my book about setting up and developing a business, the software has made an outline with chapters such as Goal Setting, Market Research, Business Plan etc. etc. each typically concluding with real-life examples, such as “Illustrate with a case study on how a company used survey results to refine their product offering.” How will the software be able to create these examples?

HELLO AIA Gang! Thank you so much for helping! Love you!

Question #1 of 5

ADVERTISING QUESTION FOR BRIAN (Advertising), Tuesday, 9/24/24 at 4pmET:

In order to SCALE, you suggested that there should be a minimum of 3 sales for that particular keyword. You also said that the timeframe minimum should be 30 days, but what would be the maximum timeframe please? Seems to me that there is a big difference between 3 sales in 30 days vs 3 sales in 90 days or 6 months, etc.

James

Question #2 of 5

ADVERTISING QUESTION FOR BRIAN (Advertising), Tuesday, 9/24/24 at 4pmET:

Followup Question: I don't think I understand the difference between Scaling and just increasing bids of existing "good-performing" targets. Can you help me understand why I should take the time to create a new campaign for a keyword, rather than just increase the bid on well-performing keywords?

James

Question #3 of 5

ADVERTISING QUESTION FOR BRIAN (Advertising), Tuesday, 9/24/24 at 4pmET:

Is it worth stopping and restarting the AUTO HIGH CAMPAIGN? (My last two months is showing 13k impressions, 4 target categories ranging \$0.55 to \$0.70 with 18 clicks and 1 sale, with an ACOS of 55.14%)

James

Question #4 of 5

ADVERTISING QUESTION FOR BRIAN (Advertising), Tuesday, 9/24/24 at 4pmET:

When deciding to tweak ads +/- \$0.05 each week, what time range do you do your checks? (I understand that we are looking for at least one sale per every 10 clicks, but is it best to look at this on a 30-day basis or on a 90-day basis, or how long exactly?)

James

Question #5 of 5

ADVERTISING QUESTION FOR BRIAN (Advertising), Tuesday, 9/24/24 at 4pmET:

Is it normal to find that some keywords under-perform for a while, and then perform well later. And vice-versa, that some keywords perform well, only to stop performing later?

THANK YOU!!

Marcin

1. Placement of Review Barcode:

At the end of the Conclusion, I ask readers to leave a review. Following the Conclusion, there are two value-added appendices. Should the review barcode be positioned at the end of the Conclusion, or should it be placed on a dedicated page at the very end, after the Appendices?

2. Timeline for Book Release and Sample Availability:

The book will go live in 72 hours, and the sample will be available in 9-10 days. How should we time the promotion and selling strategy, considering that having the sample available could raise the book attractiveness and overall content

Thanks

Vera

I just started doing Topic Search with Proof of Concepts. When I found a topic that meets Proof of Concept (over \$500 sales under 150 reviews) but there are also already many similar topic books written with way over 150 reviews and sales of over \$500, is that topic still a good idea to be written about? With these already established competition, can my book compete with these popular ones?

Linus Apelgren

I am wondering if i can use this title Conquer Insomnia Naturally: Proven Strategies for Superior Sleep Quality, Boosted Daily Productivity & Enhanced Well-being to End Sleepless Nights or if i will run into problems with running amazon ads on it. The problem words are conquer insomnia and end sleepless nights, I don't know if they sound like claims or not.

Q: Book Description

Hi Coaches, thank you for your fantastic help every week: You rock!

I am reviewing a book description I was delivered by PS for my book "Anti-inflammatory Diet Secrets For Beginners." There are a few words I want to be sure will pass Amazon Ads; thank you so much for your help with this. I wasn't sure I could copy and paste the whole book description, so I just listed the few suspects here:

Anti-inflammatory Diet Secrets for Beginners

Easy Mouthwatering Recipes and a Simple Meal Plan to Skyrocket Your Energy, Optimize Gut Health and Calm Inflammation Fast

Ania

How can I strengthen this title?

Leadership and team-building exercises for remote teams

Increase trust, strengthen communication, and improve engagement to create cohesive, results-oriented teams.

Cover Design Review Request: The first page has 3 top designs from 99designs, the second page has the top sellers in the book topic right now as I know that needs to be taken into consideration. Part of my challenge is that I don't like any of the designs of the top sellers right now lol. I'd love your feedback. My POC is teen business. I am giving feedback that "teen business" needs to be the most prominent key phrase in the main title and they're making adjustments that are in progress but these are the top 3 design layouts as of now. I'm still in the qualifying round and I'd love your insight. Thank you.

I've returned from vacation. Need help to get back on track. Completed through Module 2 and had my onboarding appointment before vacation. Left off working on Module 2 To-Do List. I have 20 Book Topics. Need to: 1) test for POC; 2) condense to 1 to 5 topics; 3) trademark search; 4) make a topic decision. (The other 6 items in the checklist are completed.) ISSUE: I don't remember how to proceed.
