OPEN Q&A

Submit your questions live on the call in the Zoom Q&A field. We will pick the best questions to answer!

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

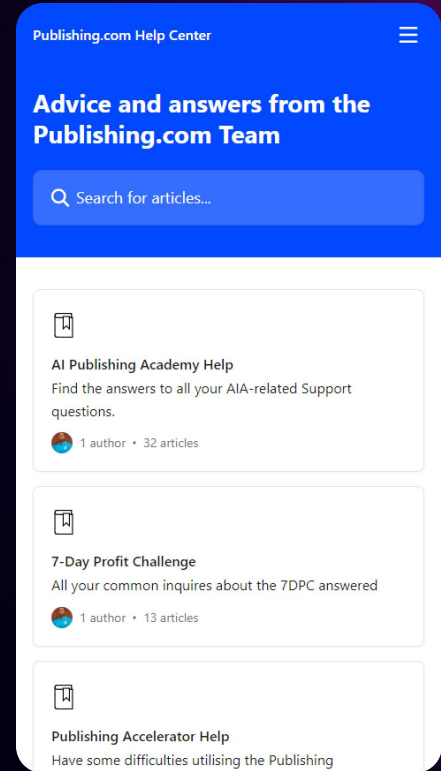

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

Visit our Help Center at help.publishing.com

- Account related (resetting password, Facebook group, etc.)
- KDSpy, Incognito, Chrome etc.
- 7 Day Publishing Challenge
- Pen names

In the Help Center, you will find clear answers (with videos) to all of these questions, so we will likely skip all questions related to these topics.

Using KDSpy as an example, we're going to learn how to add an extension to your Chrome browser

Adding Extensions To Chrome

The screenshot shows the Chrome Web Store page for the KDSPY extension. The page header includes the Chrome Web Store logo, navigation links (Discover, Extensions, Themes, Publishing.com LLC), and a search bar. The extension's name, "KDSPY – Keyword Research for Authors", is prominently displayed, along with its website "www.publishingaltitude.com", a 3.8-star rating from 26 reviews, and categories "Extension", "Workflow and planning", and "70,000 users". A red box highlights the "Add to Chrome" button, and a red arrow points to it from a text box that says "Click on 'Add to Chrome'". Below the extension details is a preview image of the KDSPY software interface, which shows a table of book titles and their associated keywords. The table has columns for "Rank", "Book Title", "Avg. Sales Rank", "Avg. Monthly Rev.", "Avg. Price", and "Avg. Rating". The table lists 20 book titles, including "The Book Title", and "The Book Title". The table also shows the number of keywords for each book, ranging from 1 to 20. Below the table are several charts and graphs, including a bar chart showing the distribution of keywords across different categories, a line graph showing the growth of keywords over time, and a pie chart showing the distribution of keywords across different platforms. The bottom of the page features an "Overview" section with a brief description of the extension and its benefits.

I had images of different yoga poses with the instructions as part of the image. Now, the words used for the instructions are not being counted. Is there anything I can do to ensure that those words stay a part of my manuscript's word count?

I would love your feedback on which of these two covers would be best. This is a redo from my original cover that has received 43 clicks (16K impressions) with only one sale on one campaign and 26 clicks (26K impressions) on another campaign with no sales - Brian and my coach thought changing the cover would be good. Thanks!
