OPEN Q&A

Submit your questions live on the call in the Zoom Q&A field. We will pick and choose the best the questions to answer.

The logo consists of the letters 'FYI' in a bold, white, sans-serif font, centered on a blue rectangular background that has a slightly distressed or torn edge effect.

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

- 1) We rely on KDSPY to get our POC but where does it draw the numbers from? E.g. quite often it shows wrong EST.monthly sales for my book. Once, it showed 849\$ monthly sales (I wish).
- 2) When setting up our book on kdp,and we click YES for the use of AI assistance, it asks us to fill in the specific source. Do we fill in CHATGPT and that's ok or do we also add PUBLISHING.AI as well?

Mary Ascher

I submitted this on Sunday, but I missed the session and the replay is still not available after 48 hours. So I'm asking again: In terms of POC for a topic like menopause, or intermittent fasting, is "seniors over 40" essentially the same as "seniors over 50"? For these kinds of topics, the age is not critical, in my view. Thanks.

Is a Canva Pro subscription now required to enable the Magic Studio Grab Text capability?

Hi guys, I need guidance on book backs and spines. What should be on the back of your book, how important is this? Same for the spine, can I do this in Canva? What is the slowest page count for the spine? If I use Fiver, what should I look for?

Mark Koral

How do you upload your book on Amazon?

Robin Pike

I had someone produce a professional video, which has been uploaded to my page, but it's not showing up - it's been three weeks. She asked Amazon, and they said they would check into it and get back to her in four hours, but that was four days ago. Have you heard of anyone else experiencing a similar issue with this? I'm beginning to think I wasted \$65 on having this done. Aside from TikTok (which I don't plan to use), is there any other purpose for this video?

Gila Sekerel

Newbie here! I want to submit my chapters to chatGPT so that it can create a book summary to send to potential reviewers as the course suggests. I know AI is integral to the course and everything else we do now, however this will be the first time I've submitted my own original work to a publicly available AI service (I wrote the manuscript before joining AIA), and I worry about it getting used elsewhere. Is this something we need to be concerned about, and are there any private alternatives?

Dave Gilbert

This is for the Thursday March 25, 2025 4PM ET Q&A: This question is about book word limitations. I am transitioning from my outline to my manuscript but since the outline word counter function was discontinued recently, I cannot know the predicted word length. In addition, there are several places where the AI-outline suggests adding a personal anecdote/biography. My book will also need several figures, which may require some brief figure legends. So - if my AI-generated book comes out close to 30,000 words, how much can I add AFTER the book is generated? I can put anecdotes/bio/figure legends in separate text boxes if that helps. In short, I need clarification on the 30000 word limit: how hard is that limit and what are the penalties for going over? Thanks in advance for your help!

I've finally found my Book Topic that meets POC, but I recently scrolled postings on the community on Facebook and saw someone with the exact same topic. Do you recommend that I find another one?

How do I get started?

I noticed in the AIA review FB group, many people are able to accept both US and UK codes. I thought that once your ebook was published in KDP, it was only in the US (.com) market. If you wanted it to be sold in the UK market, you would have to publish again. Can you provide more clarity around the UK/US market publishing, specifically the ACX codes?

It's starting to look like there wasn't a recording of the Sunday call on March 23. Are those questions still going to be answered? If I missed the live call, should I ask my question again?
