There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

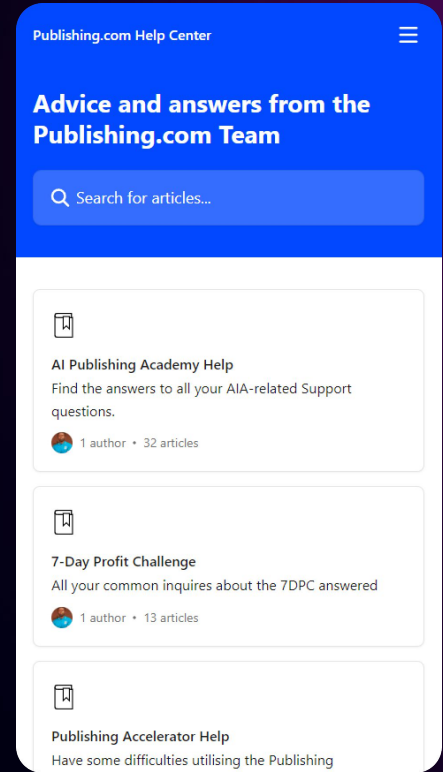

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

My book is ready to be published, but I am trying to figure out timing for reviewers as I can only put up QR code after publishing the book and then reuploading it that takes 2 or 3 days, but will only have a short amount of time to drive reviewers to read for free, right? Could you please clarify this process?

Hey coach,

Please review my cover designs. Thanks.

#1 I like the layout of this one I think its closest to what I see on amazon.com in this genre. I do feel there are too many colors, the pen name could be smaller and these models should look older. What else do you recommend?

#2 I finally got a design that has high quality stock art of two seniors doing wall pilates. I think the design is a bit bland though and I don't like the blue color scheme.

#3 My least favorite. Obviously the models need to be replaced with older people, but what else?
