# FYI

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

I'm considering co-authoring with my ghostwriter who is international and someone I trust and continue to hire for all my books because she's amazing. She's written a book that I personally believe in and would fit my brand. I'd like her to be able to earn an income. Would you co-author? If so, what do you think would be a fair split considering that I may be spending Amazon ads to help promote the book?
