Currently, I have one version of the book outline that is based on a 'vision of the book', but I'd like to play with another generated version that has 'steps' for a step-by-step approach to overcome overthinking, the book topic. That would also help guide in the book title.

Do I enter in the same information that I did for version 1 of 'Vision of the book' plus add in the steps as bullet points? I'm not sure how to fill in that information into the vision of the book section.

I'm still using the same data from everything else, however just want to generate a different version that I might like better, based on a different vision that has steps.

Thank you!

Jo-Anne Gannon

My book will require success stories, so I am wondering if pub.ai does this if it is in my book outline, or if I have to acquire these elsewhere, and insert them into my manuscript on my own. If I have to find these success stories, are there any suggestions as to where I could obtain them. Thank you.

Q1: Regarding KDP Pen Names. I have an existing KDP account with a single Pen Name. I am currently working on a AIA Book. My existing Pen name (e.g. PEN-01) is not personable enough for the book. Therefore, is it legal to create more than one pen name per KDP account (e.g. PEN-02)?

Q2: I have quite a bit of content under PEN-01. Can I use both PEN-02 (author) and PEN-01 (contributor or author) on the same book. This I would like to do in order to have PEN-01's link to its author page which contains my existing KDP content. Is this legal?

Q3: If Q1 & Q2 are legal, can I include PEN-02's books on PEN-01's author page?

Thank You :)

I am trying to decide on 4-6 designs to move forward with in creating my ultimate book cover design. My hopes for the cover is to illuminate the myriad of symptoms adults with ADHD endure on a daily basis and to bring a sense of calm, balance and confidence. Could you give me your thoughts and feedback on these choices? Here is the link to the poll that was created.

I am new to publishing AI.

I understood when I signed up with the \$1995 fee that would be it.

But I'm seeing other fees being thrown around.

My question is how much more money is there potentially to be spent on the business?

Thanks

Hi Coaches! I'm working on converting my book into an audiobook now, (yay!) but despite the many, many times I read and edited my manuscript, now that I'm listening to it, I'm finding a few small errors and a few sentences I'd like to revise. How can I do this? Is it worth it? How much can I change? What do you recommend I do?

In my chosen topic, Apothecary, there are several books in KDspy that are making huge amounts of monthly income on very few reviews ie 38r/\$82,000,37r/\$22,000,33r/\$12,000. It's difficult to accept and believe. How is it possible?

Dear coaches,

I am trying to decide which cover is the winner. Would you be so kind as to check the covers and let me know which one is your favorite? My coach liked #9. I like 118, 101 and 96. My vision is to portrait people having fun in retirement.

Thank you so much for your input.

When you include images/photos inside the book, is it OK to include colored photos, but still select B&W printing when publishing the book? Or does KDP require that the images within already be in black and white?

Hello coaches I am seeking feedback on the title of my bundle.

Book #1 original title is Comprehensive Guide to Co-Parenting With a Narcissist: Solutions to Protect Your Children, Maintain Boundaries, Prepare for Legal and Financial Battles, and Start Rebuilding.

Book # 2 Original title is The Definitive Guide to Raising Resilient Children: Empower Your Kids to Master Their Emotions, Solve Problems, Overcome Adversity, and Build Unshakable Confidence.

The title I am planning for the bundle is: The Empowered Parent 2 in 1 Package: Co-parenting with a Narcissist & Raising Resilient Children: The Solutions You Need to Reclaim Your Peace, Rebuild Your Life and Grow Strong, Confident Kids. (193 characters).

My question is do I have to include the entire title of both original books in the title of the bundle? Or is what I have planned acceptable to kdp guidelines? Thanks

Brian Stevens

Hi Mentors, thanks for your feedback on the previous book book title/subtitle submitted on 8 Jan 2025. Based on your feedback, I've added in an outcome and would be pleased to get your feedback. I like both titles but leaning toward #2.

I am in the process of uploading my ebook and paperback to KDP. There is not a spot on the ebook for me to enter a publishing date. It just asks me if I am ready to release my book now, or if I want to make my book available for pre-order. I have chosen now since I do not want to do pre-order. When I upload the paperback it lets me pick a publishing date. My publishing date is February 10th. Once I hit publish on the books will it publish the ebook right away or will it publish it with the paperback? Is there something I am missing here?

Terri Sterk

Please comment on the book covers for my next book. These are the five finalists after polling potential buyers. Thank you.

Great day coaches! I have narrowed my book title down to two possible choices with subtitles, please review the following titles and subtitles and provide feedback. Thank you

Self-love from a Black Woman's Perspective

How much money does it take to publish a book on Amazon?

Vern Russell

Regarding Book with Subject:

The Art of Effective Communication Skills:Active Listening, Assertive Communication, and Conflict Resolution in Just Minutes a Day for Stronger Relationships

When I used the outline from the tool, and generated a chapter using it, I got a dryly written book with bullet points and very short statements

Then I discovered that I can use the AI tool to tweak how I want the book to be written.

The first version of was way too dry and scientific and had bullet points, as I mentioned

I have gotten the AI to loosen up the tone a bit and write without bullet points (that was easy to adjust)

So my question is this, and it may be for the twins or the most experienced user of AI in the company.

Once I have used Chat-GPT to write in the tone that fits how I wish to uniquely state the message at hand

So the words jump out at and inspire the reader versus the most likely more dry competition

Hello AIA team, in a book with 8 chapters, how many references is normal to include on that at the end of the book ? For example, just in one chapter I will have 27 references (articles used for write the chapter). Is it too much? Thank you

Carolina Andrakovich

I would like to include music in a book as examples for the listener. What suggestions do you have in order to do this for an ebook/audio book. Thanks

Yvette Flores

I am going through the outlined steps with my first 30K book and am excited to share I am just about ready to edit it then format it! I have illustrations to place within the book as this book shares 12 illustrated 10 min exercise routines. I need advice on this- do I put the illustrations in myself (which i had professionally made w/ fiverr) or instruct the editor or formatter to do it? also, to avoid having too many pages, is it wiser to insert illustrations next to each exercise described in all routines? Sounds like alot of pages. OR can I list each routine and then at the end, have all the illustrations in order? What size illustration is recommended for a 6x9 paperback book? This book is for the senior population so the illustrations cannot be too small.

Please review recommendations for professional editors and formatters- are there any that were not mentioned in the modules? I am on a tight budget but also work a full time job so I need to carefully consider my options. Also, what are the other pages aside from the review page and source page do i need to create and insert in the book? Once the editing and formatting is done, what is my next step- uploading it to kdp along with the book cover is my thought. After that, I suppose I start working on getting it onto audible? Any advice is greatly appreciated. This is exciting but super nerve racking at the same time.

The course mentions printed book. What is the cost of having this done?

Ayanna Pierson

When I went to the website to check the trademarks one for example was: Emotional Intelligence. It said: The mark consists of standard characters without claim to any particular font style, size, or color. Also that the Goods and Services were for: publications, namely books, pamphlets, brochures and printed materials for self-improvement and philosophy courses. So, my question is does this mean I cannot use “emotional intelligence in my title or my book or that my book can’t be about emotional intelligence? I found several other words that the circumstance was similar such as “habit” and the phrase “overthinking it”. How do I keep myself out of trouble and are there ways around this?

Hi! I recently received this response from the Copyright Office regarding my copyright application. Can you please advise on how I should respond? I'm a bit confused because it seems as if they are saying I cannot have my book copyright approved if my manuscript was AI generated (which it was). I thought the training videos said that the copyright office doesn't care about the work being AI generated? Please see their email response below.

"Based on our examination, some of the text and artwork in this work may have been generated by an artificial intelligence ("AI") program.

To be protected by copyright, a work must have been created by a human author. Material that is generated by an AI program does not satisfy this requirement, even if the material was generated in response to numerous and/or complex prompts entered by a human being. The Copyright Office will not register material generated by an AI program.

Hi! I published my book Nov. 2024 and for the lifetime of my ad campaigns it shows I have about 253K impressions with 521 clicks and a .21% click through rate. I've gotten sales but with these numbers would you say that I probably should change my book cover? Or should I give it more time to assess? My topic has to do with being outdoors and would more likely be searched during the spring, summer and fall months. Should I wait until we hit those seasons to see if anything changes? Thanks in advance for your help.
