The logo consists of the letters 'FYI' in a bold, white, sans-serif font, centered on a blue rectangular background that has a slightly distressed or torn edge effect.

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

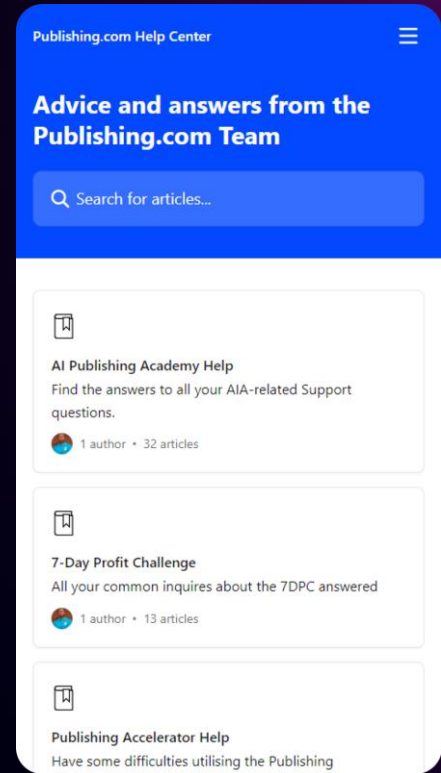

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

Hi guys! Please give me your feedback on this book title and subtitle. "Trivia for Seniors" is the PoC keyword for the title.

If I do an exercise book, what is the best way to get images for the individual movements?

If I want to do an activity book or an adult coloring book where is the best place to get images that are royalty free? So many options and all require a subscription.

I already have a rough draft of a book (my memoirs as a humanitarian doctor) which I would like to get off the starting blocks. One reason I signed up is to get this book off past the finish line. I hope that's ok to come in with a preconceived plan and also what advice would you have this stage to ensure I think about future profitability when thinking about books.. I will of course be working my way through the learning platform which I have just gained access to.

Charlie

Manuscript can not be edited. So where is the editing of the manuscript performed. After editing, do you copy and paste into a Word document or what? It would be helpful to go through these steps to completion of the book.

Hi coaches,

I am really frustrated. I unpublished and republished my book on the 11th April because I needed to change my trim size from 5x8 to 6x9. Since I made the changes my ads are still showing the old book which shows "Out of stock" which has impacted sales. I have emailed KDP and the Amazon Advertising Team about 5 or 6 times to correct this issue and they are shifting responsibility to each other and we are not making any progress and no sales every since. Please what should I do? Can I create a new campaign or campaigns start afresh for the "new book".

By the way, it is live on amazon but not reflecting in my ads product. The book product ads says out of stock for the old book but live on Amazon for the new book. How do I replace the old with the new in the ads produce because KDP and Amazon could not help me. Thanks

Christos

Hi team, Can you please provide me with further explanation or clarification regarding 'developmental editing' and where to start. Do I first read the book from start to finish (making minimal notes), and then start doing the major editing, one chapter at a time in sequential order?

My AI-generated manuscript is 38,500 words, so I have a lot of words to reduce. Thank you

Meagan

I know these all need some work, but please provide feedback on these covers.

<https://docs.google.com/document/d/1XYZB9eaA0IH92HD2NpYv0TFg0PLEzzuQwJxE4Zl3xak/edit?usp=sharing>

Also, I'm struggling to decide what trim size I want to go with. Many books in my niche are larger than 6 x 9, but if I want to go larger I have to go with 7 x 10 (hardcover sizes on KDP are more limited) and I'm not sure if this will make my book too thin. I'm going to be around 32,00 words. Any advice on this? And aren't all eBook covers the same size?

Karen

I'm really stuck on choosing my topic with POC, and if I'm doing it right. I'd like to choose Emotional Regulation for Kids, but when I look on KDSpy, it's a combo of children's books, workbooks, activity books....it seems to have POC, but not sure if it's skewed with the other types of books in there.

Also, I've been trying to find a book topic for a while, and am so stuck on finding something I have an interest in that also has a POC. Suggestions?

Luis

Hi I have only recently joined. Could you please confirm that the following has poc: "Listening skills" for personal relationships and career.

I live in Australia and the internet is very weak where I am, so when I try to get into Amazon I cannot often do so, or it drops out halfway through the exercise. I have been trying for two days so would really appreciate your assistance,.

Also, I hoping that you can still answer my query even if I am not attending the call as the Q@A sessions take place in the middle of the night here in Ozland.

Thank you!!

Monya

How do I take a book I've already written and publish it?

Hi everyone, My question: Is "Cognitive Behavioral Therapy" copyrighted? I was considering using CBT (long form) in my title, but I am hesitant because I am not sure if it is copyrighted. I did look it up to see if it was copyrighted and it does not appear to be, but I don't know if i trust my researching things of legality. Thank you for receiving my question.

I made a book through AI that is excellent. I have read it and edited it. The only problem is that there is one part in the book that says "this book includes maps, easy to use navigation aids, and QR codes for live updates." Yet there is none in the book. I'm not sure where to find those or even what the QR codes are for. Any ideas?

Jenny

I revised my title from my last submission & am hoping you can give me some feedback on t (1) which subtitle ending sounds better? (2) does it sound smoother if I take out the broader benefit of "enhance overall wellness"? (3) any other tips?

Hi coaches! First of all: thanks for all the awesome advice and your patience! Much appreciated!

Ok, so I have a problem: I want to write a "passion project" book about a 5 step method I have successfully used with teams and individuals for the past 7 years that helps EVERYONE handle ALL their problems, at home and at work. (Yeah, I know, sounds too good to be true, but it helps people "plug all the time, money, energy leaks in their bucket", and take back their lives.)

But, I have no idea how to find POC or the title that will be the smartest for this venture...

Right now I'd like the title to be something like "Punch ALL Your Problems in the Face", or something like that...

Any advice on how to proceed?

Thanks!

Heather J.

Please review this book title and advise what might be removed (to meet <200 characters) and still conserve the intent. I was in a Q&A on Monday, during which the Twins discussed not using the term "in 30 days" in conjunction with "Master" or "Mastery" because it's not realistic to "master [something] in 30 days" and may reduce readers' confidence in buying the book.

Topic: Life Skills for Young Adults

Characters = 212

*Titles are listed on the next page.

(2) Master Life Skills for Young Adults in 10 Minutes a Day: Supercharge Your Finances, Learn Practical Household Skills, Boost Decision-Making Confidence, and Propel Your Career Forward—even if you're Overwhelmed! (OR: Even if You Feel Overwhelmed!)

Thank you :D

Hi coaches!

So, this might be a silly question but if I have understood things correctly something somewhere (can't remember where I read this) requires me to have spent \$50 on Amazon to do something (get/leave reviews on Pubby? can't remember, but I'm sure you guys know what I am talking about) But here's my silly question: from what account do I need to spend this money from? Do I buy it from my personal account? Company account? How will my spending be connected to the account that needs this..? Sorry about the unclear question, a lot of thoughts swiveling in this head... :)

When editing the Publishing.ai outline, can you add a topic—a section or a chapter, for example—so that the written manuscript will include information on that topic? Where does Publishing.ai pull its information from?

Sandy

When Amazon searches for books that match the search words that customers enter, does it search for those keywords in the book's title AND subtitle?

Laura

Hi coaches,

I have been amending my title / subtitle based on coaches feedback. I'm hoping this is good...please give me your opinions:

Title: English Cottage Container Gardening for Small Spaces

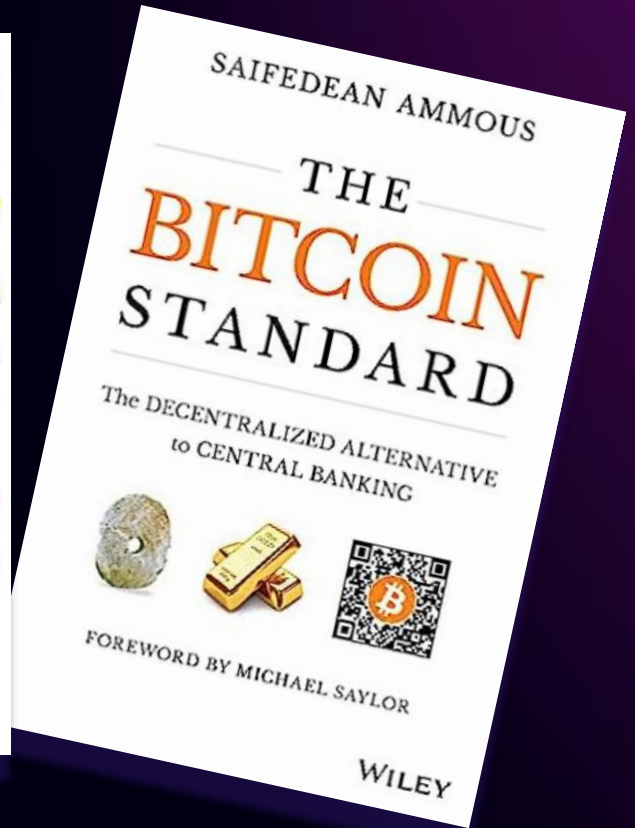

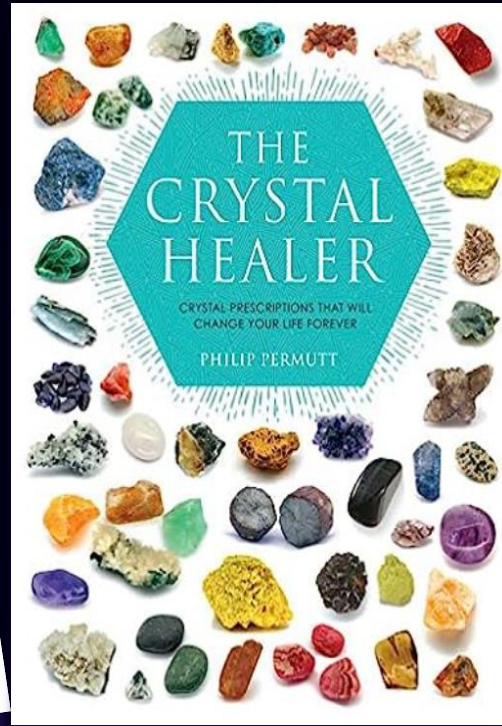

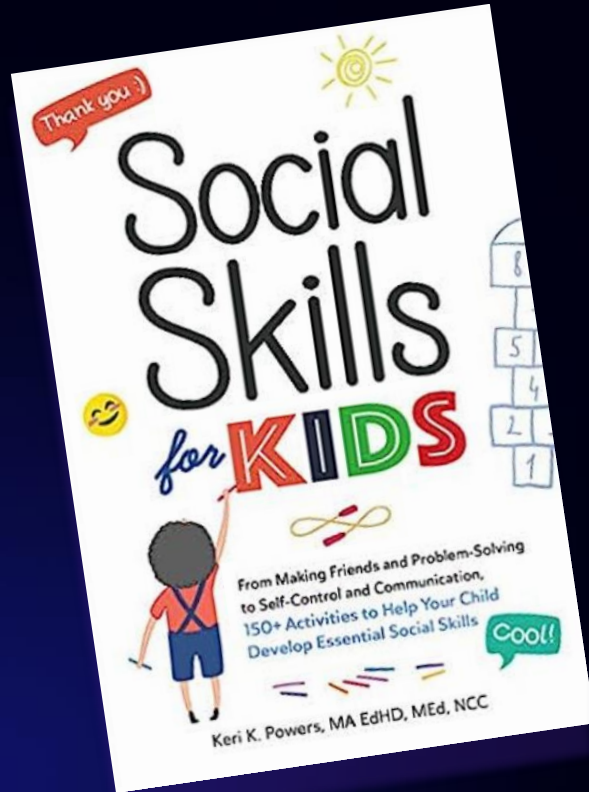

Subtitle: How to Easily Cultivate & Design a Charming Flower-Filled Sanctuary using Pots

Thank you!!

What goes into an author's biography when we use a pen name? Do we create a fictional character? Can you tell me what module the lesson is in?
