I have a LLC in Canada. I knew that I can use this LLC. But my concerned is company name which is P.....W. Construction Inc. It is definitely Construction and trade company name so If I use this same name on my publishing business sounds like awkward?

Because once I registered on KDP it will be hard to change so.

I consider change my company name or make a another company.

Hey Coaches!!! I am at the manuscript stage and it stated I need to purchase a credit for \$995.00 to get manuscript. I am a AIA member, I purchased the program with the understanding that 1 initial credit would be included, and thus would pay for the first book. Let me know the process and excited for the future. Blessings

I am in the US and looking to trademark my pen name. Would you know if AIA recommends a service or process for this? I've already checked for the trademark on the USPTO trademark site, and no trademark exists. However, the USPTO site is bad and not user-friendly at all in terms of submitting the trademark request.

I won't be able to join the Sunday call, so I'll watch the recording to hear the response. Thanks for any information.

Hi Coaches, I have structure-edited my AI manuscript and wanted to know the best platform to humanize my manuscript. I am really struggling with Amazon ads. I have followed the instructions and have watched the training videos several times. I can't get my ACOS right and have paused most of my campaigns until I feel I can get it right. Is there any extra training on this or mastermind group? This is the one stumbling block I am having right now. Help! Thanks in advance!

Hi Coaches

At this stage (when I'm in the process of creating my first book), I don't want to create a company for my publishing business

However, if my first is successful enough to sell decently well, I will decide to start writing and publishing more books. At that stage, I'll certainly want to create a company and operate through that

Will it be problematic to then transfer my first book from under my personal publishing to my newly formed company? What would that process entail generally speaking?

Thank you

Judeth Beverly

Hi coaches, I have published my first 30k book and want to translate it. I did the lesson, but it did not say how to do it. Please assist. Thank you for the incredible work you are doing. I always learn something from attending the sessions.

I'm using paid Facebook ads to get reviews. I want to take advantage of Amazon's five-day \$0 pricing so reviewers can download the book for free and leave verified reviews. I'm concerned that if reviewers don't download the book during those five days, they'll either leave unverified reviews or have to pay, which would make my offer of a free book seem misleading.

How can I ensure reviewers get the book for free and leave verified reviews while working within Amazon's five-day \$0 pricing limit?

Gina Mendoza

I am in Australia. Can I use a VPN to put my books on Audible from Australia? If so, can you please tell me how to do this?

Yvette Flores

1. I am a newbie and want to make sure I am doing each step correctly for best results. I am happy with my book topic, title and cover! I am now ready to work on building reviews. This is so intimidating. And the amazon rules about friends/ family not being allowed to leave you a review is confusing. I get that no one in my household can leave me a review. I also understand that shipping addresses I saved in my amazon acct are also considered friends/ family. Outside of these, how does amazon know who is a friend vs an acquaintance?

2. The books I will be creating are in the same niche of physical therapy and wellness. So I see value in building a list of reviewers that will be called upon to review all my books as they launched throughout the year. What is the best way to do this? What are your thoughts on using mailchimp to manage and automate my list of reviewers? I don't know how to do this so any steps you can share is greatly appreciated

Dorothy Love'll

Here is the title for my book:
