OPEN Q&A

Submit your questions live on the call in the Zoom Q&A field. We will pick and choose the best the questions to answer.

There are many students on this call, all at different points in their publishing journey. We receive many questions and do our best to choose the ones that are applicable and helpful to the majority of attendees on this call.

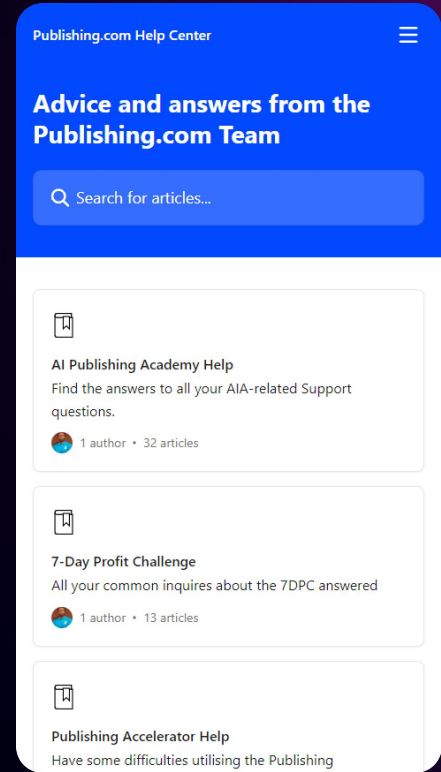

We would rather spend more time going deep into a good question rather than rushing from one question to the next. Therefore, we will pick and choose the best questions.

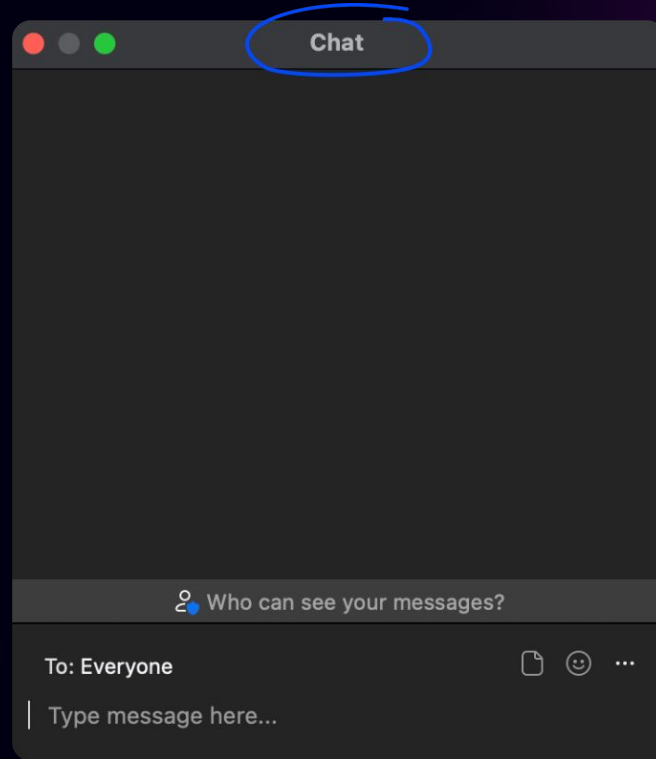

Visit our Help Center at help.publishing.com

I would like to thank you all for your help. My question is: what do you think about this title Flowers for the Pelvic Floor: Natural Healing to Release Pain, Restore Power, and Bloom from Within. or should I put something that has for women 55 and over? My POC was Pelvic floor health.

1. Is the free version of the book only available from KDP after the book has been published?
2. Will KDP acknowledge readers' reviews before the book is published?

Im confused and have heard mixed messages. I am launching my 1st book and started advertising in the USA only. Im at \$9.99 and my ebook is killing it at 99 cents- Im ranking #5 in Dog Care & Health ,#8 in Dog Training ,#8 in Dog Breeds. and have the #1 New release in Dog Training. BUT Should I advertise in all 3 countries asap or after how long should I start Canada and the UK? How cheap should I make my paperback launch price?-- pretty low to beat all competitors prices just while launching or keep it average and move it up slowly??
